Re: DEP material related to the World Trade Center (W)

Date: October 16, 2003

Included in the material we are turning over to your office are the DEP Director's report to the Commissioner, to the Mayor, with references to the World Trade Center disaster. In the attached reports are issues of a confidential nature such as security measures taken or planned by DEP, which should not be distributed outside of your Department.

We recognize the need to provide you with complete information for your use regarding the issues related to the World Trade Center so we have provided you with the complete reports without removing confidential issues, but some of the items, like the issues related to security, should be deleted before they are sent out of your office to any other parties.

Also, I am requesting that either myself or our General Counsel Mark Hoffer be contacted before any distribution of these materials are given to any party outside the NYC Law Department. I can be reached at (718) 595-6573 and our General Counsel; Mr. Hoffer can be reached at (718) 595-6528. Thank you in advance for your anticipated cooperation.

Cc: Mark Hoffer, General Counsel
